Dr. R. B. Nyberg Dies; Physician In Saline County Since 1905

One of Founders of Harrisburg Hospital; Funeral Tuesday

Dr. Robert B. Nyberg, a practicing physician in Saline county since 1905 except for years he spent in World War I, died at 4:15 p. m. yesterday in Lightner hospital. Dr. Nyberg had been a patient there for nearly two weeks, suffering uremic poisoning and a heart condition. He was born Nov. 19, 1879; so today was his 77th birthday anniversary.

Dr. Nyberg, one of the founders of the Harrisburg hospital, had been practicing in Galatia since 1949, and was active there in his profession until his last illness. On Oct. 18 of this year he was named an honorary member of the Harrisburg Medical Foundation.

The son of the late John H. and Ida Brown Nyberg, he was graduated from the St. Louis University College of Medicine in 1905 and he was affiliated with Dr. A. E. Fuson until September, 1906, when he and Dr. E. W. Cummins formed a partnership.

A family request was that there be no flowers.

Survivors

Dr. Nyberg is survived by his wife, Christine Maddox Nyberg; a sister, Beulah Ann Hughes of St. Louis; a half-sister, Olivia Decker of Coalinga, Calif.; and his stepmother, Mrs. Jennie Nyberg of Harrisburg. A half-sister, Mrs. Ludene Nyberg Tuttle, and a half-brother, John Nyberg, preceded him in death.

He leaves a niece, Mrs. Frederick Stephenson, of St. Louis, and four nephews, Dr. Warren D. Tuttle, Dr. John Oral Tuttle, Burdette Tuttle and Phillips Nyberg.

The funeral service will be held at 3:30 p. m. Tuesday at the Harrisburg funeral home, where the

body now lies in state. The Rev. Joe Morman of Harrisburg and the Rev. Peter Kennen of Galatia will conduct the funeral with the rites of the Elks lodge being a part of the service. Burial will be in Sunset Hill cemetery.

Overseas in War I

In World War I Dr. Nyberg was the first doctor to enlist from Saline county and was overseas with the American forces.

The Harrisburg hospital was organized by Dr. Nyberg, Dr. A. J. Butner, Dr. D. A. Lehman and Dr. W. J. Blackard Sr. For years Dr. Nyberg was the physician and surgeon for the New York Central Railroad Co. and the Peabody Coal Co. Dr. Nyberg sold his interest in the hospital in about 1947.

Dr. Nyberg was a member of the First Baptist church of Harrisburg. He also was a member of the Galatia post of the American Legion and was a charter member of Harrisburg Lodge 1058, B.P.O. Elks.

Clare Boothe Luce Resigns Ambassador Post

Eisenhower Accepts But Does Not Set Effective Date

WASHINGTON — Mrs. Clare Boothe Luce resigned today as United States ambassador to Italy. She asked President Eisenhower to accept the resignation "at the earliest convenient moment."

Mr. Eisenhower accepted the resignation but did not set a date for it to take effect.

The blond, chic envoy told the President that a recent illness made it necessary for her to have "several months of real rest" before she could work again at full efficiency.

She said her duties as ambassador would not permit this rest and therefore she asked to be relieved.

Mrs. Luce was recurrently ill during her tenure as ambassador and her husband's magazine, Time, reported last summer that her trouble was traced to arsenic poison from paint flaking off her bedroom ceiling.

Mr. Eisenhower accepted the resignation with "very great personal regret" and high praise for "a job superbly done" through "constant personal sacrifice and even to the detriment of your health."

James D. Zellerbach, San Francisco, president of Crown Zellerbach Corp., is reported to have the inside track to succeed Mrs. Luce. Zellerbach served as head of a special mission to Italy under the old Economic Cooperation Administration from 1948 to 1950. He also has served as an alternate delegate to the United Nations General Assembly.

Before announcement of her resignation, Mrs. Luce spent an hour with the chief executive talking over the Middle East crisis as it applies to Italy, particularly "the serious repercussions the closing of the Suez Canal may have on the Italian economy."

"As of the moment," Mrs. Luce said, "the Italians have sufficient oil and fuel to get along for some time, but they must begin to plan for their future wants if the canal is to be closed for any length of time."

Mrs. Ellen Moore has been unconscious in a hospital here since May when a log slipped off a truck and hit her on the head while she was walking with her 2-year-old son.

Mrs. Moore's pregnancy was discovered two months ago. The baby weighed 7 pounds 12 ounces. The birth was reported normal but three weeks early.

The inquest into his death will be conducted at the court house at

Nehru Appeals for Foreign Troops To Withdraw from Hungary, Egypt

NEW DELHI, India — Prime Minister Jawaharlal Nehru of India appealed to "foreign troops" to withdraw from both Egypt and Hungary today. He suggested United Nations observers be sent to both countries "to report things impartially."

In a major parliamentary speech on foreign affairs Nehru said that the dispatch of U. N. observers to both countries would "give a correct lead to the world."

"Hungary presents a grave situation," Nehru said. "Foreign forces should withdraw and then people be given a right to express a free opinion. It's a national rising."

It was Nehru's first major pronouncement on Hungary, and followed a mounting tide of criticism within India that he had let his attention be distracted by the Anglo-French intervention in Egypt to the exclusion of events in Hungary.

Nehru said Soviet Premier Niko-lai Bulganin's letter to him on the subject of a Big Five conference on world disarmament—including Britain, France, the Soviet Union, the United States and India—was "of vital importance."

"But this matter has to be decided by the three or four big powers who really count," he said.

Charles R. Rich, 59, Is Killed in Mine

Is Electrocuted While Inspecting Loading Machine

Charles R. Rich, 59, of 216 South Main street, was killed Saturday morning in the B and W Coal company's Saline River mine in Gallatin county while inspecting a Joy loading machine.

Relatives here said that information they had received was that Mr. Rich was electrocuted and thrown against the coal.

Mr. Rich, who worked for the Blue Bird Coal Co. for a number of years, had been working in Kentucky, but had resigned to go to work for B and W.

He had not started his employment yet when he and others were around the loader on the bottom of the mine. It was stated that when the loader was turned on, a circuit breaker was knocked out, shutting off the power to the machine.

Mr. Rich climbed the machine and picked up a clutch chain, and about that time the power came on, relatives learned, the electricity going through his body.

The body was brought to the Gaskins funeral home here.

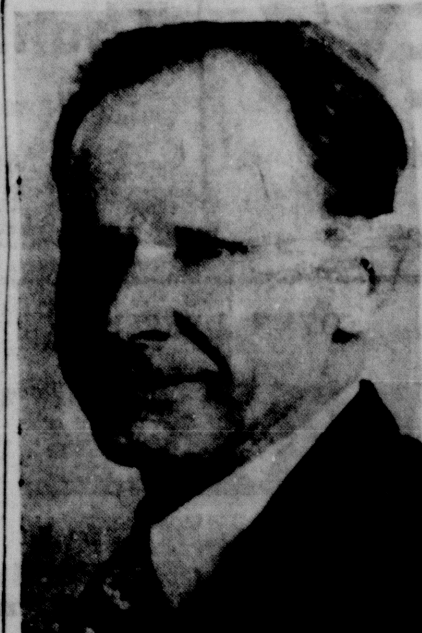

He was born in Providence, Ky., May 4, 1897, the son of the late Vol and Valentine Rich. He was a member of the Sloan Street First General Baptist church.

Surviving are his wife, the former Fannie Shreve; three sons, Bob of Carbondale; Jerry, recently discharged from the Armed Forces; and Donald Rich of Indianapolis; one daughter, Mrs. Dorris Mathews of Seattle, Wash.; five grandchildren; one sister, Mrs. Macie Jennings; and four brothers, Abe, Ben, Ed and Willie, all of Providence.

The son, Jerry, was discharged from the service last week and has not been located to inform him of the death. He is expected home at any time. The daughter, Mrs. Mathews, has just arrived home after a visit in Harrisburg when she was told of her father's death.

The funeral service will be held at 2 p. m. Tuesday at the Gaskins funeral home. The Rev. Joe Morman will officiate and burial will be in Sunset Lawn cemetery.

The inquest into his death will be conducted at the court house at

Mr. Tyree had been at Sahara 16 for over 12 years and had worked at other Sahara mines previous to that.

He leaves his wife, Chloe; two daughters, Mrs. Don B. Smith of Carbondale, Mrs. George Ballard, Eldorado; a half brother, Dan Quilman, Eldorado; two sisters, Mrs. Hubert Ratt, Eldorado, and Mrs. Lizzie DeVille, Evansville, Ind., and one grandson, Freddie Ballard of Carbondale.

Russia Pours More Troops Into Country

Workers Capitulate But Not Because Of Concessions

BUDAPEST — Striking Hungarian workers yielded today to famine, Soviet deportation threats and the influx of 200,000 Soviet infantrymen and began a slow drift back to the jobs.

A spot check of major factories showed at least 30 per cent of workers still were absent despite the overwhelming odds against the workers who have paralyzed the country for weeks.

But this appeared partly due to lack of electric power, raw material and transportation to bring commuting workers into the industrial areas from the suburbs.

The solid strike front cracked while Russia was pouring 20 new divisions into the country to consolidate its conquest by Soviet tanks. Soviet armored forces already in Hungary total some 200,000 troops and 4,500 tanks.

Spokesmen for workers frankly admitted they had capitulated to hunger, cold and lack of money rather than the promises of concessions by the Soviet-sponsored Janos Kadar regime.

"Kadar didn't convince us," one said, "but winter is here and misery comes."

The workers said they have not given up their demands for the end of mass deportation, withdrawal of Soviet troops and ouster of the Kadar government.

"But the whole country can't live on relief," one spokesman commented bitterly. "The workers were so much united by last week's events they will never fall apart again. The government must realize by now that the use of force is pointless."

Tell of Soviet Buildup

Reports reaching Vienna said that bands of freedom fighters are still resisting. A refugee Hungarian army officer said partisans battled Soviet troops in the hills northeast of Budapest and in the Bakony forest to the southwest of the Hungarian capital. He said strikers were active in Budapest itself.

Moscow Radio also admitted armed resistance continued Sunday.

The vast buildup of Soviet armed forces in Hungary was disclosed by sources close to the Kadar regime.

The government sources quoted Maj. Gen. K. Grebennyyk, Soviet commander in Budapest, as saying 20 Soviet infantry divisions—an estimated 200,000 men—are on the way. They said Soviet troop trains are crossing the border at Zahony on the Hungarian-Soviet frontier in a steady stream.

Soviet armored forces of between 13 to 15 divisions, with 200,000 troops and 4,500 tanks, already are in Hungary.

The Soviet consolidation was taken here as a clear indication the Russians are in Hungary to stay.

NEW JITTERS IN SOUTHEAST EUROPE

VIENNA — Rumors of Soviet troop moves in Bulgaria and Romania sent new jittery surging through nervous Southeast Europe today. But there was no solid backing for them.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:
Russian "Volunteers" Have Been Ordered To Duty In Egypt; Suez Crisis Worsening; Ike Hasn't Decided What To Do About Volunteers.

WASHINGTON.—The American embassy in Moscow is sending the State Department some amazing documents. If bona fide, they should bring a showdown in the entire Near East crisis and the Russian move to send "volunteers" to Egypt.

The documents are orders to Russian reservists to volunteer to fight in Egypt.

If the Soviet—and, for that matter, in any Communist or totalitarian nation—young men don't volunteer. Things don't happen that way. The embassy now believes it has documentary proof that Russian reservists have been ordered to duty in Egypt and the present plan is to submit these orders to the United Nations for a showdown.

IKE PONDER

As of this writing, President Eisenhower has not made a decision as to what the United States will do if the much-advised 50,000 Soviet "volunteers" start pouring into Egypt. He has consistently referred this to the United Nations where action would have to overcome a Russian veto and the Africa-Asia bloc.

The Joint Chiefs of Staff, meeting in almost night and day session, have reported that the U. S. is in better shape than it will be in the foreseeable future regarding long-range bombers and the H-bomb. It is ahead of Russia.

The National Security Council has decided that in case of outright war the United States will side with England, France and Israel. But this decision, contemplating war in the formal sense, namely, the entry of the Red Army into Egypt? It does not embrace war in the informal sense, such as was waged by "volunteers" in Korea.

On this there has been no decision, other than the President's statement that all these matters would be taken up through the United Nations.

Therefore the Soviet orders to reservists to volunteer come just at the right time. They should force the issue before the United Nations.

NASSER SWAGGERS

The Suez crisis took a turn for the worse last week. The French even threatened to kick over the traces and end the cease-fire. Simultaneously Colonel Nasser began swaggering around Cairo as if he had won the war.

Premier Mollet and his cabinet were furious because U. N. Secretary General Dag Hammarskjold agreed to a formula for the UN police force under which it would virtually be under the control of Colonel Nasser. Under his terms, Nasser could send the U. N. police force out of Egypt any time he desired.

The French were so furious that they indicated they would resume fighting rather than agree to these terms. Originally they had wanted to extend the fighting to the point where Nasser would be either ousted or killed. They regard him as the chief tool of Moscow and the man responsible for stirring up their troubles in Algeria.

A week ago, Nasser was cringing in a Cairo cellar, fearful of his life. Today he is conferring several times daily with the Soviet ambassador. In constant touch with Moscow and seems determined to continue the war.

DULLES RECOVERS

John Foster Dulles hasn't helped to soothe the French feelings nor pour oil on Suez waters.

From his bed in Walter Reed hospital, Dulles has advised President Eisenhower not to meet with Premier Mollet and British Prime Minister Eden. He also advised that France and England must pay cash on the barrel head for oil from the United States.

Dulles is still sore over French and British entry into Suez without consulting him. He believes their refusal to advance credit for oil and refusal to meet with Mollet and Eden will help to force them out of Suez.

Eden and Mollet had proposed a quick emergency conference with President Eisenhower in Washington last week end but, after Dulles got into the picture, the White House agreed to let the French and British cool their heels for the time being.

The United States will now decide when the time is ripe for a Big Three meeting. When it does take place, Ike will be urged by his secretary of state to read the riot act to the French and British.

prime ministers, warning them that they cannot get embroiled in war and then expect the United States to bail them out.

Harry Truman is having a hard time restraining himself from saying "I told you so." At the Chicago convention, Truman predicted Stevenson would lose the election by a greater margin than in 1952. He is just itching to remind the Democrats about his prediction. . . . Ike has been having trouble with the gold cap on his front teeth. He keeps jiggling it loose until it drops out. . . . A tip to the Republicans—Washington hotels are swamped with reservations for inauguration day. Better get your reservations in early. . . . Ambassador Clare Boothe Luce will definitely resign as ambassador to Italy. . . . Real reason for the resignation of Arthur Burns as White House economic adviser was disagreement over high interest rates. Burns considers that the Federal Reserve Board's high discount rate may cause a recession. Randolph Burgess, undersecretary of the Treasury, and Bill Martin, head of the Federal Reserve Board, didn't agree with him. They want a little "loosening" of the economy. They won. Burns resigned.

CRISIS CAPSULES

The Air Force was ordered to prepare several H-bombs for immediate use after Moscow sent its belligerent notes to Britain and France. . . . All Central Intelligence officials have been ordered on the alert. If they go out to dinner at night they must leave a telephone number where they can be reached immediately. . . . Chiang Kai-shek has sounded out the State Department about visiting the United States next year. It would be his first visit here, though his wife, Madame Chiang, went to college at Wellesley and has been here scores of times. . . . Despite Russian plans to make another Korea out of the Middle East, the United States has continued to ship military aid to Iraq, even though Iraq has mobilized along the Jordan-Israel border. . . . Eisenhower originally indicated to Britain and France that we would supply them with oil until the Suez Canal starts working again. Later John Foster Dulles put his foot down. . . . Ambassador "Chip" Bohlen, our eyes and ears in Moscow, has "cold" war fatigue. After the current crisis simmers down, he'll be called home to help review our foreign policy. Then he may get a new assignment, probably Yugoslavia.

Police Church

The training college of the Royal Canadian Mounted Police at Regina, Saskatchewan, has perhaps the only church in the world used exclusively by policemen.

Thanksgiving Dinner Will Cost Less This Year

CHICAGO AP.—Thanksgiving dinner for midwestern families this year will be the cheapest in six years or more because of lower turkey prices, the Agriculture Department reported today.

The department's Agricultural Marketing Service here said Thanksgiving dinner can be bought for \$6.20, compared with \$7.68 last year and costs ranging from \$7.73 to \$8.63 the previous four years.

The cost of this year's 10-lb. eviscerated turkey, the service said, was figured at \$4.50 as against \$5.90 a year ago.

Lower prices than last year for apples, pumpkin, cranberries and oranges also contributed to this year's lower dinner cost, the service said. It added, however, that prices of sweet potatoes, celery, grapes and walnuts were about the same as last year, with canned green beans higher priced.

Which cup has the TOPIC?*

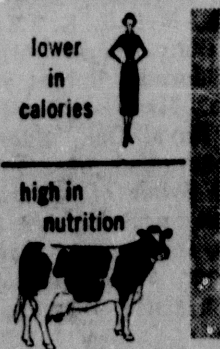

*The cup on the left has the Topic. In coffee it looks and tastes so much like cream, coffee lovers can't tell the difference!

Amazing new fresh-tasting Topic tastes just like expensive cream in coffee!

Imagine a new kind of dairy product that looks and tastes like real cream in coffee, yet costs only about 1/4 as much!

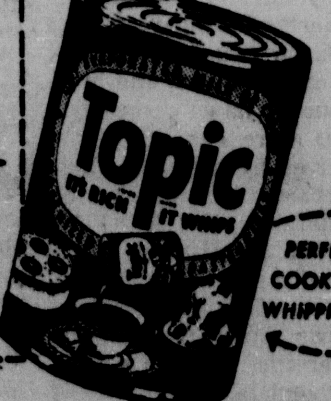

It's Topic—not a canned milk, not evaporated milk, not a powdered product—but a remarkable new achievement of dairy science. Has the fresh taste and rich body of

cream in your coffee—without the high price and excess calories! So make the Topic coffee test today. Buy several cans in your grocer's canned milk section. Serve it to your family and guests. You'll agree that fresh-tasting Topic enriches coffee the way you like it—without the high price!

Whipped Topic has 70% less calories than whipped cream, and 30% less calories than ordinary table cream!

Topic is fresh whole milk, with all the fat and half the water removed...and with light vegetable oils added. And Topic has extra units of Vitamins A and D!

PERFECT FOR COOKING AND WHIPPING, TOO!

Mr. and Mrs. Otto Simpson of RFD 2, Harrisburg, and Mrs. Simpson's brother-in-law and sister, Mr. and Mrs. Clyde Simmons of Klagetober, Okla., have just returned from a five-week trip which included visiting Colorado Springs and the Royal Gorge in Colorado, Salt Lake City, Utah, Reno, Nevada, Los Angeles, Burbank and other places in California. They visited their grandson and family at Riverside, Harry Lee Devar, and other relatives and friends in Burbank and Long Beach and Carons. Mr. and Mrs. Roy Milburn To Observe Golden Wedding Anniversary With Open House

Mr. and Mrs. Roy Milburn, New Burnside, plan to keep "open house" on Sunday, Nov. 25, from 1 p. m. to 5 p. m., commemorating their Golden Wedding anniversary. They invite the presence, minus "presents" of their friends. The Milburns have resided in New Burnside with the exception of four years that they lived in Harrisburg, at which time he was employed by the Webster Drug store in this city. He operates Milburn's Phillips 66 station at New Burnside.

Their beautiful old home occupies a prominent knoll in the village, where both have been very active in the life of the community. She was for several years a school teacher and has taught the matrons' class of the New Burnside Baptist church for 30 years. An active member of the Home Bureau, the Ozark-New Burnside Woman's club, a past matron of the New Burnside chapter of the Order of Eastern Star and a past president of District 25, Illinois Federation of Women's clubs, and of District 29, Rebekah State Assembly, Mrs. Milburn is the gad-about of the two.

She is the former Ora Taylor, daughter of the late Mr. and Mrs. Thomas H. Taylor, Tunnel Hill, and he is a son of the late Mr. and Mrs. Will Milburn. Mrs. W. J. Fern, New Burnside, sister of Mrs. Milburn, and Mrs. Dow White, West Frankfort, who attended their wedding, will be present next Sunday at the 50th wedding anniversary.

The Milburns are looking forward to the presence of their daughter, Mrs. Harlan (Helen) Hodges, Moscow, Idaho, and their son, Lyman Milburn and his wife and four children, Mike, Steve, Melody and Sheri, from St. Paul, Minn. They also expect Mrs. Herman Smith, Elgin, a foster daughter, to be present.

Friends who plan to help serve the refreshments include Mrs. Roy Seel, Ozark, Mrs. Earl Keel and Mrs. C. E. Walkington, New Burnside, Mrs. C. Ross Reynolds, Vienna, and Mrs. Joe Throgmorton, Vienna.

Day of the Outlaw

Bruhn circled them, coming up from behind, patted their bodies in search of weapons. Finding none, he stepped back. Phil and Larry turned to face him. Phil spoke again: "A holiday?" "Who are you?" "I'm the barber, next door. Me'n... Phil was in the store. We didn't think much about the first shot... but this last one..." "Barber," Bruhn cut in and faced Phil. "What's your business?" "The lumber yard. I asked if this was a holiday." Bruhn smiled frostily. "In a manner of speaking, maybe it is. We don't want your money, though. We just aim to use your town for a few days." Phil's eyes narrowed. "Just what do you figure on doing?" he demanded. Bruhn read something of the fear that Dan felt. His voice carried no real threat, but a note of quiet reasonableness. "Like I said, we intend to use your town. It's a good hide-out. No lawman can reach us and, if we're glancing toward Shorty, we got a man to doctor. We need to rest and we got some business of our own to talk over." "You mean so long as you can saddle and spur us?" Dan snapped. "Name it how you like, friend. We settle things in our own way, and we make our own rules. We want no trouble and no more killing. There won't be none so long as you people treat us right." Dan's tone held a wide sarcasm. "And how do we do that?" "Leave us alone. Don't argue with us. If anyone—man, woman or child—tries to slip out of town or find a double cross then he'll find himself dead or in so much trouble he won't be able to claw out of it." Dan breathed deeply, feeling the angry constriction in his chest. He heard the faint stir of Pace behind him, grew aware of Juarez watching him, knew that Hatt and Egan were off to one side. Dan expelled his breath in a long, soft sigh but his eyes flashed. "It sounds fair enough," he said grudgingly. "But can you hold your killers in line enough to keep your promise?" "Don't you or the town worry about what I can do with my men, friend. I can handle every one of them." Pace's chin lifted sharply but he did not turn from the bar. Dan saw Juarez's startling blue eyes narrow and his hand clench slightly. But no one said a word.

The street door swung open and Dan, hearing the noise, looked up in the mirror. Bruhn, Pace and Juarez wheeled about as Vic and Bob Frazin came fearfully into the room, followed by Denver and Vause, who prodded Vic ahead with the barrel of his gun. The overhead lamps gave a pe-

Add Variety to Thanksgiving Menu

CARBONDALE, Ill. — A Southern Illinois University foods specialist has good news for home-makers who want to add variety to the family's menu this Thanksgiving season.

Searching her files, Mrs. Mary Louise Barnes uncovered some unusual recipes to help break the routine of turkey, cranberry sauce and pumpkin pie.

Her suggestions:

CRANBERRY - PINEAPPLE PUNCH
One-fourth cup unbleached almonds; 1/2 cup seedless raisins (white if available); peel of one medium orange; 1 small piece of rich cinnamon; 1/4 teaspoon allspice berries and/or whole cloves; 3 cups water.

Tie the spices in a cheesecloth bag. Simmer these with water, raisins and orange peel for about 15 minutes. Discard the peel and the spice bag. Chill thoroughly. When ready to serve, add to the above chilled liquid 1 No. 2 can of pineapple juice and 2 pints of bottled or canned cranberry juice. See that a few raisins and an almond are served in each glass.

OYSTER PIE
One-fourth cup butter or margarine; 2 tablespoons chopped onion; 1/4 cup enriched flour; 1/2 teaspoon salt; 1/2 teaspoon celery salt; 1/4 teaspoon Worcestershire sauce; 1 1/2 cups milk; 1 pint fresh oysters; 1 tablespoon chopped parsley, if desired.

Melt butter or margarine in saucepan. Add onion and brown lightly. Stir in flour, salt, celery salt and Worcestershire sauce. Add milk and cook, stirring constantly, until thickened. Add oysters and parsley. Pour into 2 quart casserole. Top with biscuit crust. Pat on roll the biscuit dough out to a circle 1 1/2 inch smaller than casserole. Cut into 8 wedge-shaped pieces. Arrange on top of oyster mixture in casserole. Bake in hot oven (425 degrees F.) 25 to 30 minutes.

ACORN SQUASH RELISH WITH CREAMED HAM
Choose small evenly sized acorn squashes. Cut in half. Remove seeds, butter the inside with a pastry brush and varnish with salt. Bake upside down in a shallow pan at 375 degrees F. until soft, or about 45 minutes. When done, fill with creamed ham and serve directly on the plate.

TWICE-BAKED ACORN SQUASH WITH SAUSAGE
Bake small uniform sized acorn squashes either whole or in halves.

More than 3 1/2 million cars and 600,000 trucks wind up in the junkyard each year. This is even though today's car is nearly five times as durable as its 1928 ancestor in terms of mileage.

August Zvara, Former Local Resident, Kills 195 Pound Deer on Hunt in Utah

August Zvara, former Harrisburg resident, who now lives at Pomona, Calif., in sending a picture of himself and Mrs. Zvara commemorating their Golden Wedding anniversary, also enclosed this picture of a deer he killed.

Old time hunters of this area will recall Mr. Zvara, and present-day ones will be interested in his story.

He wrote: "A few days ago I returned from Utah from a deer hunting trip. It has been unusually warm—70-75 temperature—too hot to hunt in that part of the country. Got one buck the first day, next day started home. Coming through Nevada and the eastern desert of California used dry ice because of the high temperature most of the 565 mile trip.

"I don't want you to think that a 72-year old man can drag a 185-lb. buck out of the woods one and one-half miles to the car without help—no, just happened some hunters popped out of nowhere while I circled around my dead buck. Four young fellows in a jeep, strangers, but offered help which I readily accepted. They loaded the buck on the jeep, hauled it out and put it in the back of my car.

"The hunting in general has been poor on account of the drought. Game was scarce and hard to get. Three days after I left the weather

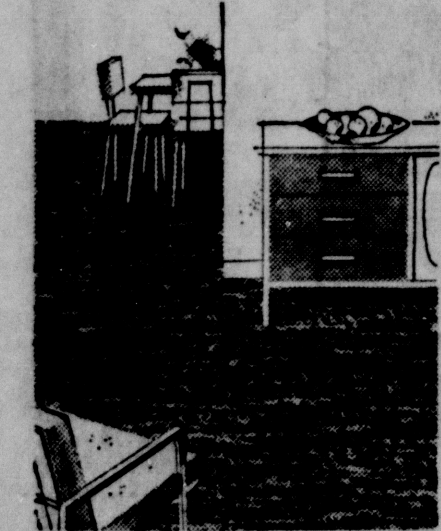

SIU Students Offered Minor in Religion

CARBONDALE, Ill. — Southern Illinois University students majoring in the College of Liberal Arts and Sciences may now take a minor in religion.

The SIU board of trustees last week approved a proposal worked out by the University and religious foundations located close to the campus.

The 30 years required for a minor in religion would include 15 hours of instruction by ministers in the religious foundations and 15 hours in such University departments as sociology, psychology, history and philosophy.

Average of 20.7 Quarts of Milk Consumed Per Student in Schools

Saline county had an average of 20.7 quarts of milk consumed annually per student last year under the School Milk program, according to C. R. Gardner, county superintendent of schools.

Ten of the county's schools were commended for topping the recommended goal of 45 quarts of milk. Source of the praise was Roland W. Bartlett, University of Illinois dairy economist, who is in charge of the state's program.

Gardner says that figures just released by Bartlett show that students in participating schools averaged 27.0 quarts annually, based

on a survey last January. County schools participating in the program numbered 27, with 4725 students served. Seven schools did not participate, and as a result, 1436 students were not served milk under the program.

Participating schools can receive a maximum reimbursement of from three to four cents on each half-pint of milk consumed, depending on whether or not they had a school-lunch, or a school milk program previously, Gardner says.

In most schools, children seldom pay over three cents for each half-

pint and frequently pay much less—particularly if the school has a school lunch program.

Top three schools in the county in terms of amount of milk consumed per student were Taylor, Wasson, and Crossroads. The following schools did not participate: Carrier Mills Community high school, College Heights, Bayliss, Horace Mann, Liberty, Logan and McKinley.

Schools not under the program still can join, Gardner points out. Any Illinois school can become eligible by submitting an application to the office of the county superintendent of schools.

Gardner stated this county could increase consumption if the special milk was made available to athletes after practice sessions and also to elementary pupils during recess periods.

Heavier Turkeys Offer Most Economical Buys

GOLDEN BROWN on the outside, oozing with tastiness. And on the inside, oyster stuffing to conform to tradition.

By GAYNOR MADDOX
NEA Food and Markets Editor
A bigger turkey crop this year and lower prices—that's Thanksgiving news. Turkeys of all sizes, yes. But big birds will be in larger numbers. The big fellows are a better buy because they have more meat in proportion to bone and are lower in price per pound.

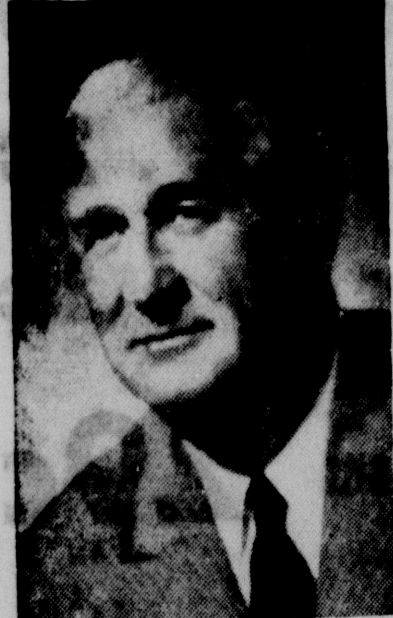

There will be an unusually large number of tom turkeys this year. The belief that hen turkeys are better eating than toms is not backed up by current United States Department of Agriculture research. Today, modern feeding and care and selection of better breeds, assures high quality meat in toms as well as hens.

SPRINGFIELD, Ill. — Governor William G. Stratton today designated Thursday, Nov. 22, as Thanksgiving Day in Illinois. His proclamation follows:

"Whereas, Since earliest colonial times, the American people have kept the befitting custom of setting apart an annual day for thanksgiving, and

"Whereas, another, nobler, blessing is ours: the flame of liberty lit by the founders of our Republic, still shines clear and strong over our land lighting our lives and giving gleams of hope to those striving to kindle it in lands beyond the seas, and

"Whereas, For all our many material and spiritual blessings we do well to give thanks, "Now, Therefore, I, William G. Stratton, Governor of the State of Illinois, do hereby proclaim Thursday, November 22, of the present year, as Thanksgiving Day throughout Illinois. And I suggest that on this day our citizens give

U. S. Coaches Predict Victory in Olympic Basketball and Swimming

MELBOURNE, N.S.W. — American coaches confidently predicted victory in both basketball and swimming today as the official program of the 1956 Olympic games got under way with the solemn opening of the 52nd meeting on the International Olympic Committee. Blaring trumpets and formal speeches opened the IOC convocation with 2,000 officials present in Melbourne Town Hall, although actual competition in the games does not begin for three more days.

The officials heard Avery Brundage of the United States call on "the politicians of the world" to follow the "good exam-

ple" of Olympic fair play and sportsmanship so there "there will no longer be any necessity for wars."

Meanwhile, U. S. basketball Coach Gerry Tucker of Bartlesville, Okla., and swimming Coach Bob Muir of Williams College summed up their squads' chances in the coming competition very optimistically.

Predicts Victory

Tucker, who scouted the highly-touted Russian team in a scrimmage against a local Aussie team, said, "I still think we should win the Olympics rather handily."

The Phillips Oilers coach sized the Russians up as a "fast-breaking team" that "handles the ball well and is in amazingly fine condition," but added that the Soviets' seven-foot, two-inch giant, Yajouk Kulan, "doesn't move very well" and predicted that Canada also may beat the Russian team.

Coach Muir foresaw a sweep in diving events and general U. S. success in swimming events.

Washington Upsets Giants; Bears, Lions Win

The Washington Redskins — a team with no stars, few touchdowns and less press notices — are running amok in the National Football League and could win or tie for the Eastern Division title if they keep up their current pace.

While the Chicago Bears and Detroit Lions scored relatively easy victories Sunday to remain tied for the Western Division lead, the Redskins entertained the New York Giants and ambushed the Eastern pacemakers, 33-7. In their last four starts, the Redskins (4-3) have upset the Cleveland Browns and three first-place teams — the Lions, Chicago Cardinals and Giants.

New York kept its one-game lead because the crippled Pittsburgh Steelers defeated the second-place Cardinals, 14-7. But the Redskins, now only 1½ games behind the Giants, have another game with New York (6-2) and have five more games in all while the division leaders have only four. The Cardinals have a 5-3 mark.

Bears Cop Seventh

The Bears, who visit the Giants next Sunday, made it seven in a row by defeating the Los Angeles Rams, 30-21. Detroit, Washington's victim last week bounced back to crush the Baltimore Colts, 27-3. The Bears and Lions, both 7-1, lead the runnerup Colts (3-4) by 3½ games.

Tommy O'Connell, the third quarterback to handle Cleveland this season, teamed with rookie halfback Preston Carpenter and a good defense to lead the Browns to a 16-0 victory over the Philadelphia Eagles. Gordie Soltau's 35-yard fourth period field goal gave the San Francisco Forty-Niners a 17-16 triumph over the Green Bay Packers in the other game.

Cleveland, Pittsburgh and Philadelphia (all 3-5) share the Eastern cellar while Los Angeles, San Francisco and Green Bay (all 2-6) are last in the West.

First liberty pole in America was erected at Machias, Me., in 1775.

Wildcats Defeat Shawneetown, 83-40; Kittens Win, 91 to 35

The Carrier Mills Wildcats and Kittens went on scoring sprees Saturday night to wrap up a couple of decisions over Shawneetown. The Kittens won the preliminary game 91-35 and the varsity game was a CM victory 83-40. The games were played at Carrier Mills. It was strictly a team victory for the 'Cats, with all five starters combining to control rebounding at both ends of the court and all five scored in double figures. Rollins was top point maker with 25, followed by Cowger's 19. Bob Stewart, veteran Shawneetown guard, paced his team with 21 points. Cowger opened the scoring with a free toss and baskets by Coffield, Rollins and Cowger gave CM a 7-0 advantage. Then Stewart hit two free tosses and Cox a bucket to pull Shawneetown to within three points of the lead, but this was the only time the visitors were close. CM went on to a 13-4 lead before the Indians counted again and at the quarter Carrier Mills led 23-8.

Play Cave Tuesday

Carrier Mills continued its high scoring in the second frame, piling up 22 points for a ten point advantage over the Indians and at halftime CM was on top 45-20.

In the third quarter the 'Cats counted another 23 points, while holding Shawneetown to Stewart's four free tosses, to remove the outcome from any doubt.

With 3:50 minutes to play in the final quarter Coach "Kay" Willis put in a complete CM reserve team and during that time the Indians outscored the same team 8-4.

Scoring in the preliminary game: CM—Bill Smith 18, Mitchell 14, Taborn 28, Manier 14, Charles Smith 4, Williams 7 and Reeder 6; Shawneetown—Gossett 7, Hunsaker 1, Orman 5, Jennings 10, Litsey 4, Awallt 3 and Calvert 5.

Carrier Mills will battle to remain in the unbeaten class Tuesday night, entertaining Cave-in-Rock, also undefeated in two starts this season.

Shawneetown plays twice this week, travelling to Rosiclare Tuesday and to Grayville Friday.

Iowa, Oregon State Will Meet in Rose Bowl After Hawkeyes Upset OSU, 6-0

The Rose Bowl, grand-daddy of the New Year's Day football carnivals, was the first to present a completed lineup today with Iowa vs. Oregon State in a history-making rematch, but the other major bowls were moving fast toward the same goal.

The official conference votes to name the Rose teams were reduced to mere formalities on Saturday when Iowa upset Ohio State, 6-0, to put a lock on the Big Ten berth and Oregon State wrapped up the Pacific Coast berth by squeaking to a 14-10 triumph over Idaho.

This will mark the first time in the 43-year history of the Rose extravaganza at Pasadena, Calif., that two teams meet in the classic who also clashed during the regular season. Iowa won that one, 14-13, at Iowa City, but Oregon State star back Joe Francis insisted today, "we had 'em, but let 'em get away."

Ploen, Iowa Hero

Quarterback Ken Ploen, who passed 17 yards to Jim Gibbons in the first period, was the Iowa hero as Ohio State suffered its first Big Ten defeat in the last 18 starts. Paul Lowe saved Oregon State's bacon when they were losing to Idaho in the last two minutes as he first passed 51 yards to the Idaho three and then sprinted around end for the winning TD.

Here's how the lineup on the other major bowls now appears: Sugar Bowl: Tennessee certain of a berth after crushing Mississippi, 27-7, but bowl committee must wait until conference season ends before issuing formal bid. In line for the other: Georgia Tech, SMU, or Baylor.

Orange Bowl: Colorado now certain to represent Big Seven since Missouri was drubbed by Oklahoma, 67-14. Clemson still likely for other berth but prestige was

weakened by 21-0 loss to Miami Friday and Duke could be voted the Atlantic Coast loop's "most representative" team.

TCU Routs Texas

Cotton Bowl: Texas Christian leading for host berth after 46-0 rout of Texas, but SMU and Baylor still have a chance. Possibilities for "guest" team—Tennessee, Georgia Tech, Navy.

Gator Bowl: Still trying for Tennessee or Georgia Tech as one team, with Syracuse, Mississippi, Pittsburgh, and Wyoming possibilities for the other.

Yale's 42-20 triumph over previously-unbeaten Princeton reduced the list of perfect record teams to 17 overall, including just three major college teams — Wyoming (10-0), Oklahoma (8-0), and Tennessee (8-0). Wyoming is finished; the other two have two games each remaining.

Six major conference champions have been decided: Big Seven, Oklahoma; Southern, West Virginia; Missouri Valley, Houston; Skyline, Wyoming; Rocky Mountain, Montana State; Border, Texas Western.

Probe Mystery Gas Scare at SIU

CARBONDALE, Ill. (UP)—The state fire marshal's office today investigated a mystery gas scare in Carbondale.

More than 270 persons were evacuated early Saturday from a housing project at Southern Illinois University after gas used for heating and cooking strangely liquefied in the lines and an explosion was feared.

The area was sealed off and the residents were quartered in hotels and a residence hall. The all-clear was given Saturday night after the gas had been cleared from a large storage tank and individual lines. State officials checked each of the housing units and declared them safe.

Asst. State Fire Marshal Roy Richardson took a sample of the mystery gas for analysis. And a university spokesman says the college will probably begin an investigation this week.

Hungarian Rail Engineer Brings Family to Freedom

VIENNA (AP)—A Hungarian railroad engineer brought his family to freedom Sunday night by racing his locomotive across the border to an Austrian railroad station.

The engineer, from the west Hungarian city of Szombathely, told Austrian police he was ordered to drive to the border checkpoint of St. Gotthard near the border.

He placed his wife, his brother-in-law and sister-in-law with their two children aboard the engine and started his dash to freedom.

Instead of stopping at St. Gotthard, he gathered speed and raced across the Iron Curtain into Austria where he asked for political asylum for himself and his family.

Herrin Man is Freed on Bond

HERRIN, Ill. (UP)—Louis H. Scheffler of Herrin was free today on \$10,000 bond posted on a manslaughter charge in connection with the Herrin propane gas explosion that took nine lives.

The manslaughter charge was filed against Scheffler after a coroner's jury last Friday recommended that he be held for grand jury action. The grand jury will meet next February.

Scheffler was the owner and driver of the tank truck that leaked the propane gas into the residential area on Oct. 18. Minutes later, explosions rocked the area.

Ford Announces New Line Will Be Named 'Edsel'

DETROIT (UP)—The Ford Motor Company's new line of medium priced cars to be introduced next year will be called "Edsel," it was announced today.

Confirmation of the name was made at a press conference by Henry Ford II, company president, and Ernest R. Breech, chairman of the board.

"I am proud and pleased to confirm that the name will be Edsel, in honor of my father who served the last 24 years of his life as president of Ford Motor Co.," Ford said.

Edsel Bryant Ford, only son of company founder Henry Ford, was president of the auto firm from 1919 until his death in 1943.

The new Edsels, which will make their debut next fall, mark the first time a "big three" automaker has come out with a completely new line of cars since Ford introduced Mercury in 1939.

Styling and engineering data on the new line still were kept secret. The only feature publicly disclosed was the mood ornament displaying a prominent "E."

The company did say, however, the Edsel "will embody bold, new styling themes never before seen on the streets and highways."

Ford said the new line represented another step in the company's "long range investment in the future." He said extensive studies showed there still was plenty of room for a new car line in the medium priced field, which now sells between 35 and 40 per cent of the market.
